SLOVAK STATISTICAL AND DEMOGRAPHICAL SOCIETY

Miletičova 3, 824 67 Bratislava

www.ssds.sk

The General Assembly of the Slovak Statistical and Demographical Society was held on 7th October 2010. The Assembly was included in the 15th Slovak statistical conference. The conference was held in holiday resort Kaskady near Galanta. The new bodies of the Society were elected there – 29-member committee and 3-member auditing commission. They were elected for 4-years period.

The Committee of the Slovak Statistical and Demographical Society elected new President of the Society - Doc. Ing. Jozef Chajdiak, CSc. He worked as a scientific secretary of the Society for many years. Doc. Chajdiak is a lecturer at the Institute of Management of the Slovak University of Technology in Bratislava.

The new scientific secretary is RNDr. Jan Luha, CSc., he was a member of Secretariat of the Society. RNDr. Luha is a statistician in research on the Faculty of Medicine of Comenius University in Bratislava.

Committee of the Society has elected 6 vice presidents:

Vice President for Applied Statistics - Doc. Ing. Vladimír Úradníček, PhD. – from the Matej Bel University Banska Bystrica,

Vice President for Demography - Doc. RNDr. Branislav Bleha, PhD. – from the Faculty of Natural Sciences of Comenius University in Bratislava,

Vice President for Matemathical Statistics - Doc. RNDr. Rastislav Potocký, CSc. – from the Faculty of Mathematics, Physics and Informatics of Comenius University in Bratislava,

Vice President for Statistical Quality Management - Prof. RNDr. Michal Tkáč, CSc. – from the University of Economics in Košice,

Vice President for State Statistics - Ing. František Bernadič - from the Statistical Office of the Slovak Republic in Bratislava,

Vice President for International Cooperation - RNDr. Peter Mach – the Ministry of Transport, Posts and Telecommunication of the Slovak Republic in Bratislava.

The Committee of the Society has elected also the treasurer and 2 members of the Secretariat of the Society.

The main activities of the Society for the period 2010 -2014 were approved at the General Assembly.

The main activities
of the Slovak Statistical and Demographical Society for the period 2010 – 2014

The mission of the Society is mainly:

1. To develop statistical and demographical knowledge and its social use in favour of the Slovak Republic.
2. To propagate statistical and demographical know-how.
3. To organize conferences, seminars, symposiums, lectures, discussions, special trainings and other events.
4. To assist to its members with academic and other scientific work.
5. To increase expertness of its members with special emphasis on young co-workers.
6. To publish results of the Slovak statistical and demographical knowledge at home and international forums.
7. To develop own publications and editions.

To fulfil this mission we are going to implement the next main activities during the 2010 - 2014 period:

Conferences and seminars

1. To continue in organizing the Slovak statistical conference and Slovak demografical conference as the most important events of Slovak Statistical and Demographical Society:

conference	date	take place in
15. Slovak statistical conference, „Regional Statistics“	7th – 8th October 2010	Kaskady, Unovce near Galanta
13. Slovak demograpfical conference, „Town and Country“	year 2011	Nitra region
16. Slovak statistical conference	year 2012	Banska Bystrica region
14. Slovak demograpfical conference	year 2013	Bratislava region
17. Slovak statistical conference	rok 2014	Prešov region

2. To organize „Jubilee Conference – 45th anniversary of the Slovak Statistical and Demographical Society) in March 2013.

3. To continue in organizing one-day conference „Views on the Slovak Economy” – annually in April in Bratislava.

4. To continue in organizing conference PRASTAN continuously.

5. To continue in organizing seminar Computational Statistics, One-Week School of Statistics – EKOMSTAT, the International Conference on Applied Statistics – FERNSTAT (alternately in the Czech Republic and in the Slovak Republic from 2010, when it is organised in the Czech Republic for the first time).

6. To continue in organizing the Presentation of works of young statisticians and demographers.

7. To participate in organizing „Demographic Afternoons".

8. To keep organizing „Regional Afternoons" and other events in our branch offices.

9. To organize lectures and other events continuously.

Publications

We issue contributions from different conferences in journals (for example the publication from the Conference Views on Economy of Slovakia, etc.), in the journal FORUM METRICUM SLOVACUM, in ad hoc publications STATISTICAL METHODS IN SCIENTIFIC AND RESEARCH WORK, but mainly in our scientific journal FORUM STATISTICUM SLOVACUM.

International partnership

We cooperate with statistical and demographic societies mainly from the neighbouring countries. Cooperation with the Czech Statistical Society and with the Czech Demographical Society has traditional character. We are going to extend the cooperation in the Central European region.

Partnership on the national level

We are going to cooperate with the Council for Scientific Societies of the Slovak Academy of Sciences, the Scientific Societies of the Slovak Academy of Sciences, universities, research centres, the Statistical Office of the Slovak Republic, the National Bank of Slovakia, Infostat, companies, scientific and technological community, lay community, state administration, regional and municipal governments. We suppose the specific cooperation with young statisticians and demographists and their societies.
